

AUSSIES FOR AUTISM

We are giving away one free mini aussie puppy to a family with an autistic child. If you believe your family can benefit from a puppy please apply for our scholarship.

We are located in Central Florida where our puppies are raised in a loving home and socialized with children, adults, and dogs. Puppies are ready to go approved homes between 8-9 weeks after our vet has cleared. Many of our puppies have gone to homes to train and serve as therapy or service dogs, sport competitors, and medical alert dogs.
